

Newsletter #3

"me.green" project is concluding. Despite the problems that emerged due to the emergency SARS COVID 19, the partners and the young people involved by each partner have carried out all the activities planned by the project and achieved the objectives and the expected impact, adopting excellent problem solving strategies, thanks also the digital tools at their disposal.

The 3rd Transnational Project Meeting took place in Istanbul on 28 and 29 July. During the Meeting the partners shared the dissemination activities realized in each partner country: young people, who have joined the Communities of Practices constituted by the partners, they organized and carried out informative seminars with other young people, aimed at making know the good practices shared during the Transnational Training Course, which was held in Palermo, October 2021.

The informal meetings between young people had as result an individual and group improvement in sustainable and responsive behaviors and the effects on climate change and as well as analyze the priorities and objectives of Erasmus Plus 2020-2027.

The meetings stimulated and gave space to the need for active participation and the expression of individual opinions. They also contributed to personal development for social inclusion and active citizenship.

In September 2022, the partners will meet in Nicosia, the last meeting of the project, to share the objectives, results and impacts achieved in partner countries. They are working for a new project, which can still actively contribute to stimulating the culture and responsibility of young people towards active participation in stopping the climate change.

"me.green" project, funded by the *Erasmus + KA2 - Cooperation for innovation and the exchange of good practices*, aims to develop a culture of change and sustainability among young people, creating functional behaviors to face the climate change, an environmental education aimed at behavioral change and better adaptation to a changing world.

The partnership consists of:

1. People Help the People (Italy) - Coordinator
2. Afyonkarahisar İl Milli Eğitim Müdürlüğü (Turkey)
3. The Hub Nicosia Ltd (Cyprus)
4. CIEP asbl (Belgium)
