

THE GREEN STEP

COMMUNITY TRAINING PROGRAMME

Attendees gained a deep understanding of environmental issues and harnessed the tools and insights to make tangible changes in their daily routines, workplaces, and communities.

THE FORWARD-LOOKING NETWORK

These sessions provided a unique opportunity for individuals to immerse themselves in the world of sustainability, offering firsthand encounters with innovative initiatives and the chance to connect with like-minded individuals.

MULTIPLIER EVENT

Through inspiring presentations, workshops, and interactive activities, attendees gained insights into the tangible benefits of sustainable living and learned how they could implement eco-friendly practices in their own lives and communities.

FINAL CONFERENCE

This momentous event provided a platform to showcase the achievements and impacts of the project over its duration. It

brought together a diverse audience of participants, stakeholders, and experts, facilitating the exchange of ideas,

best practices, and innovative solutions for a sustainable

future.
