

LAUNCHING UNROOT PROJECT

KICK-OFF MEETING

The project "Unrooting Violence: tackling social norms for the prevention of gender-based violence (UNROOT)" has started!

During the kick-off meeting (14/02/2022), the consortium discussed the preparatory phase for the development of the first project result as well as management and tasks arrangements.

OBJECTIVES OF THE PROJECT:

- Raise awareness on various aspects of gender-based violence and their negative consequences in society;
- Enhance the knowledge and skills of adult support workers and trainers;
- Help participants to reduce harmful traditional practices, behaviours, and customs contributing to GBV.

- Create an open dialogue with community members about GBV issues and gender stereotypes.
- Empower people to find their own voice beyond social norms.

STAY TUNED FOR
