## OUR PROGRESS

Welcome to the second Empatise project newsletter! We are excited to share our latest progress, highlighting the significant strides made in empowering our target communities through the development of our educational community leadership program.

## FOCUS GROUPS

Our teams have conducted insightful focus group sessions with teachers and youth workers, offering a platform for open dialogue. These sessions have been essential in gaining a deeper understanding of the specific needs and challenges faced by our beneficiaries, further refining our project's focus.

Moreover, we are thrilled to announce that the **Educational Community Leadership Program** has been successfully developed. This marks a pivotal step forward in our program's evolution, providing our beneficiaries with crucial leadership skills.

The newly developed program is currently undergoing rigorous **testing** and **validation**. This phase is integral to ensuring our program meets the highest standards and effectively delivers its educational objectives.
